Department of Education CTAE Update	<p>Some of the courses that we offer now will most like be eliminated and new course titles will replace them. This is actually a good thing, as the new course titles and curriculum better fit modern technologies.</p> <p>Program of study with new course titles:</p> <p>9th: Introduction to Business & Technology AND Audio & Video Technology & Film 10th: Introduction to Digital Technology AND Introduction to Graphics & Design 11th: Audio & Video Technology & Film II AND Digital Communications 12th: Audio & Video Technology & Film III AND Web Design (only one web design class)</p> <p>We are also offering a History of Film course next year for upperclassman.</p> <p>Mr. Lockley would like to see our department require History of Film and a speech/creative writing class as part of our program of study, so look for that change coming soon.</p>
Other Topics to Discuss	<p>Communication Arts Showcase is this Thursday at 1:30 in the theatre. Business leaders are welcome to attend.</p>
