## Back in the day...

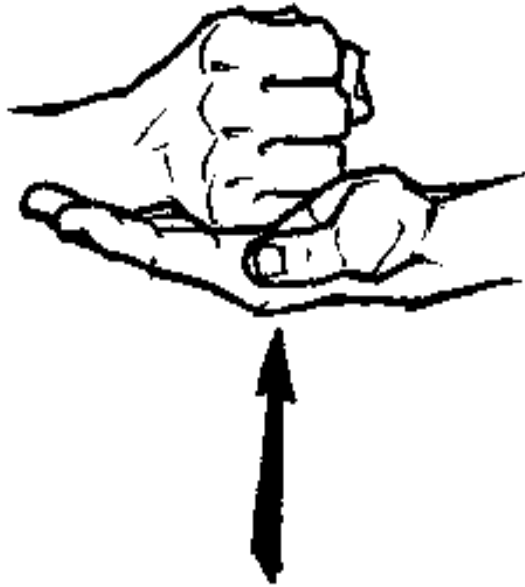

- East Broad Elementary was built in 1990 as the *East Broad Street Elementary Computer Science/Video Technology and Talent Pool Magnet Academy*.
- This Renaissance School is designed to enable students to realize their full potential by acquiring a strong academic foundation along a broad range of cultural, intellectual and social skills. The Renaissance concept is based on the belief that every child has gifts and talents that can be nurtured. Students are challenged with a strong curriculum of core knowledge that is supported by
  - technology used to accelerate learning
  - individualized instruction
  - collection and assessment data for academic improvement
  - Exposure of a vast world of skills and possibilities for student's future success in life, education and the careers.
